dynamic amazing
dignity fabulous impressive
beautiful sacrifice
glorious fantastic tolerance
exciting terrific delicious
integrity cool considerate
phenomenal laughing funny
sharing humility loving
energetic smiling captivating
justice encouraging mercy
gracious faithful important
supporting delightful thankful
hard-working tremendous

The aims of our curriculum:

- We aim to be like Jesus the teacher, where all children learn to be good, inquisitive learners, capable of making our world a better place. Like Jesus our shepherd, no child will be left behind.
- We want our children to know more and remember more
- We aim to provide our children with a broad curriculum, rich with cultural capital.
- We aim to teach what is required from the National Curriculum as a minimum.
- We aim to create a curriculum that is teachable, clear and practical where possible.
- We want all of our children to progress so that they can tell us about their own progression in learning.
- We want our children to be able to tell us why they are learning what they are learning.

"He will wipe every tear from their eyes. There will be no more death or mourning or crying or pain, for the old order of things has passed away."

Revelation 21:4

Our Curriculum Drivers:

Catholic Social Teaching

Caritas in Action, p101

Solidarity and the Common Good

'We are Friends' activity
(See copy at end of this document)

Our Resilience

<https://www.justonenorfolk.nhs.uk/emotional-health/children-young-peoples-emotional-health/emotional-health-activities/resilience-activities/>

Children to complete the 'Resilience Backpack' activity, considering the qualities that they would put in their back pack to keep them strong in a time of hardship

Our Community

We will visit the war memorial in Leamington Spa.

We will write about how war heroes are commemorated

Sustainability

We will create a wreath of poppies using recycled materials.

Our artwork will not cost the planet anything because everything that we use will have been used for something else previously.

Diversity and inclusion

Together, we will read 'Sulwe'.

We will learn about what we can do to make ourselves feel beautiful on the inside, as well as the outside!

We will create a wall of beauty, where we will all write down the things on the inside, which make our friends beautiful!

Let's Remember:

As Historians, we will:

Look at significant events, people and places in our own locality

The eleventh hour of the eleventh day of the eleventh month marks the signing of the Armistice, on 11th November 1918, to signal the end of World War One. At 11am on 11th November 1918 the guns fell silent after more than four years of continuous warfare. Remembrance Day is on 11th November. It is a special day set aside to remember all those men and women who were killed during the two World Wars and during more recent wars and conflicts. Remembrance Sunday is held on the second Sunday in November, which is usually the Sunday nearest to 11th November.

We will find out as much as we can about some of the local people who lost their lives during the world wars. We will examine our local war memorials and find out the names of soldiers who died.

We will find out about Remembrance Sunday and why people wear poppies at this time of year.

As writers we will:

- Write labels
- Write stories
- Write and recite poetry
- Present information

As geographers we will:

- Use world maps atlases and globes
- We will locate the battlefields of World War I and find out which continent they were in

As artists we will:

- Use experiences and ideas as the inspiration for artwork
- Share ideas using drawing, painting, sculpture and collage
- Learn about the work of significant artists

We will create images of poppies, taking inspiration from the Tower of London poppies that were displayed for a short time in 2014. We will also create sculptures of poppies using twisted paper and tissue paper. We will combine them to make a display collage of a field of poppies.

As Scientists we will:

Learn about poppies, as well as other flowers and why they grew so well in the battlefields. We will learn about seed dispersal, as well as the parts of the flowers. We will sow our own seeds in the garden and learn what they need to grow successfully. We will test plants to find out what they need to survive.
